

HEAT UP YOUR PROFITS

WITH EFFICIENCY & STYLE

Up to 3 times more efficient than traditional Mushroom heaters, the BROMIC Tungsten Portable Gas heater has got you covered!

Featuring **award-winning design**, the Tungsten Portable uses **directional radiant heat** to warm objects rather than the air. This creates more targeted heat coverage and in turn **requires less units** to heat the same space as traditional mushroom heaters, keeping patrons comfortable and coming back for more.

Operational Expense Savings

\$16,752

IN ONE YEAR

\$117,264

THROUGHOUT THE
TUNGSTEN'S 7-YEAR LIFESPAN

Based on 1,000sf of space being heated for 4 hours per day:

	STANDARD MUSHROOM HEATER	TUNGSTEN PORTABLE HEATER
Area of Heat Coverage Per Unit	75ft ²	215ft ²
Number of Units Needed	10	5
Cost for Five-Gallon Tank of Propane	\$19.95*	\$19.95*
Tanks Used Daily	5	2.5
Cost per Day	\$99.75	\$49.88
Cost per Month	\$2,793	\$1,396

*Estimated cost for tank of propane

Bromic's radiant heating efficiency allows you to cover more space with fewer units.

STANDARD MUSHROOM HEATER

NON-DIRECTIONAL HEAT
>> VERTICAL HEAT LOSS

UP TO 75ft²

REQUIRES SEASONAL
REPLACEMENT
